LOGISTICS SECTION

ESF 7 – Resource Support: VA Department of Emergency Management

Rockbridge County Emergency Management requested additional communications support from the State so that the operation would not tie up the EMS channels in the county. VDEM equipment provided included a repeater and 6 handheld units to assist with the operations. ***An additional 10 land lines, fax capability and interoperability radios are operational as of 21 June. Twelve requests for assistance have been received; seven have been completed, one is on hold, one has been cancelled, and three are assigned.***

LOCAL ACTIVITIES

The water outage continues in the town of Goshen and an Information & Assistance Center has been established for Goshen residents, at 540-997-7267 or 540-997-7268. The town continues to search for and repair leaks in its water system to restore the water supply. Current efforts are focusing on identifying and repairing the primary source of the leaks. Nine leaks have been identified and repaired as of 20 June. 4,200 gallons of bottled water have been distributed to citizens. Water distribution is available at Town Hall and water is being delivered to residents who are incapacitated or unable to drive. The VA Rural Water Association, the Town of Craigsville, ***Augusta County, and local contractors McClung Brothers and Enviro-Clean are also assisting*** local officials with leak detection and attempting to locate additional water main leaks.

Even though water may begin to appear in the Town system, a voluntary conservation request has been issued, and Goshen residents are asked not to use the water. Conserving water will enable operators to more accurately locate leaks, and to more quickly restore the system to normal operation. Residents also are asked to make sure that all taps and faucets are closed.

To ensure adequate fire protection is in place, fire departments in adjacent communities have been placed on stand-by. A local Boy Scout Camp in the Goshen area has opened its facilities to area residents without water for showering and bathing through Friday, 22 June.
